

THIS IS MY iCONNECT EDUCATION

Discover your iCONNECT training certification path and our certifications.

Each certification requires you to complete a course and exam.

For each course, a passing grade of 85% is required to achieve certification.

1 **iCONNECT CERTIFIED POWER REVIEWER**

Learn how to search and organize documents, code and redact for productions and more.

2 **iCONNECT CERTIFIED ANALYTICS REVIEWER**

Build on the user basics to learn how analytics can be used to create a more efficient review.

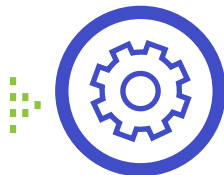

PREREQUISITES: 1

3 **iCONNECT CERTIFIED ADVANCED MASS ACTION REVIEWER**

Learn about the powerful actions to organize and update data, mass redact documents, produce documents and more.

PREREQUISITES: 1, 2

4 **iCONNECT CERTIFIED PROJECT MANAGER**

Learn how to create users, set security for a project, manage project structure and data. Discover how to optimize workflow with coding rules, search term reports, productions, Continuous Active Learning (CAL) and more.

PREREQUISITES: 1, 2, 3

5 **iCONNECT CERTIFIED SYSTEM ADMINISTRATOR**

This is a two-course series:

- 1) System Administration
- 2) iCONNECT Manager

Learn how to create new projects and load and manipulate data. Review an iCONNECT system set up, server and system settings. Explore best practices to optimize your project and back up your environment.

PREREQUISITES: 1, 2, 3, 4

CONTINUED ONLINE iCONNECT LEARNING (COiL)

All Project Managers & System Administrators participate in the COiL program to earn credits that maintain certification and free iCONNECT Support.

Attend monthly webinars, watch the recordings and take courses to earn credits. For details, click [here](#).
